

Financial Risk Analysis

Platform X

*Designed for scale, CogNext digitizes analytical workflows to help financial institutions **move faster and think smarter.***

CogNext is a next-generation AI platform that allows banks and financial institutions to automate and digitize analytical processes at an enterprise scale.

Solving problems at scale requires intelligence from algorithms (AI-ML), the ability to connect data pipelines seamlessly in the evolving technology stack (Engineering) and deep understanding of human behavior and how humans make decisions (Design).

Key Intel-Enabled Features

Faster Processing

Scalable Data Integration

Reporting & Compliance

Powered by Intel® Xeon® Scalable Processors, Platform X delivers:

- Real-time risk analysis
- Seamless data pipeline orchestration powered by Intel's multi-core architecture
- Advanced model risk management , with faster computation and traceability

Intel Products and Technologies
