

Intelligence is Your Edge

Powered by Intel

Showcasing Edge AIoT Innovations

ASRock Industrial will showcase the latest products, including:

- Robust Edge AIoT Platform & Industrial IoT Controller – Powering industrial automation with cutting-edge edge AI solutions.
- Mini PC & Motherboard – Experience the NUC(S) Ultra 200 BOX, iBOX Ultra 200, and 4X4 BOX AI300 Series, powered by Intel® Core™ Ultra processors.

See the following live demos at Embedded World:

- AI Pack Station – AI-guided packing SOP with iEP-6010E, enhancing efficiency and accuracy.
- Flying Shear Solution – High-speed precision cutting with iEP-5010G, optimizing manufacturing processes.
